# UNDERSTANDING MEDICARE ENROLLMENT PERIODS

There are different types of enrollment periods throughout the year when individuals may enroll or make changes to their Medicare plan.

You may enroll in a Medicare Advantage (MA) or Part D plan during the initial period when you first qualify for Medicare.

---

## **Annual Election Period (AEP)** **October 15 through December 7**

During this time, you can decide how you will receive your Medicare health coverage and enroll in, change or drop Medicare drug coverage.

## **Open Enrollment Period (OEP)** **January 1 - March 31**

During this period if you have a Medicare Advantage plan you can leave your plan and return to Original Medicare or leave your current plan and enroll in a different Medicare Advantage (MAPD Plan).

## **Initial Enrollment Period (IEP)**

The Initial Enrollment Period for Parts A and

B is 7 months, starting 3 months before the month of your Medicare eligibility and ending 3 months after the month of eligibility. The month of eligibility is the month of your 65th birthday, if you become eligible for Medicare because you are turning 65 years old. Or, if you become eligible due to a disability, your month of eligibility is the 25th month of receiving Social Security Disability Insurance (SSDI).

## **Special Election Period (SEP)**

Additionally, you can only change how you get your health coverage and enroll in, change or terminate your Part D drug coverage if you qualify for a Special Enrollment Period (SEP), once per calendar quarter during the first three quarters of the year (January – September).

Some of the areas Medicare reviews for these ratings include:

- How our members rate our plan's services and care;
- How well our doctors detect illnesses and keep members healthy;

## Scope of Sales Appointment Confirmation Form

The Centers for Medicare and Medicaid Services requires agents to document the scope of a marketing appointment prior to any face-to-face sales meeting to ensure understanding of what will be discussed between the agent and the Medicare beneficiary (or their authorized representative). All information provided on this form is confidential and should be completed by each person with Medicare or his/her authorized representative.

**Please initial below beside the type of product(s) you want the agent to discuss.**

<input type="checkbox"/>	<b>Stand-alone Medicare Prescription Drug Plans (Part D)</b>
	<b>Medicare Prescription Drug Plan (PDP)</b> — A stand-alone drug plan that adds prescription drug coverage to Original Medicare, some Medicare Cost Plans, some Medicare Private-Fee-for-Service Plans, and Medicare Medical Savings Account Plans.
<input type="checkbox"/>	<b>Medicare Advantage Plans (Part C) and Cost Plans</b>
	<b>Medicare Health Maintenance Organization (HMO)</b> — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. In most HMOs, you can only get your care from doctors or hospitals in the plan's network (except in emergencies).
	<b>Medicare Preferred Provider Organization (PPO) Plan</b> — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. PPOs have network doctors and hospitals but you can also use out-of-network providers, usually at a higher cost.
	<b>Medicare Private Fee-For-Service (PFFS) Plan</b> — A Medicare Advantage Plan in which you may go to any Medicare-approved doctor, hospital and provider that accepts the plan's payment, terms and conditions and agrees to treat you – not all providers will. If you join a PFFS Plan that has a network, you can see any of the network providers who have agreed to always treat plan members. You will usually pay more to see out-of-network providers.
	<b>Medicare Special Needs Plan (SNP)</b> — A Medicare Advantage Plan that has a benefit package designed for people with special health care needs. Examples of the specific groups served include people who have both Medicare and Medicaid, people who reside in nursing homes, and people who have certain chronic medical conditions.
	<b>Medicare Medical Savings Account (MSA) Plan</b> — MSA Plans combine a high deductible health plan with a bank account. The plan deposits money from Medicare into the account. You can use it to pay your medical expenses until your deductible is met.
	<b>Medicare Cost Plan</b> — In a Medicare Cost Plan, you can go to providers both in and out of network. If you get services outside of the plan's network, your Medicare-covered services will be paid for under Original Medicare but you will be responsible for Medicare coinsurance and deductibles.

**By signing this form, you agree to a meeting with a sales agent to discuss the types of products you initialed above.** Please note, the person who will discuss the products is either employed or contracted by a Medicare plan. # **DENTAL BENEFITS**

# Liberty Dental Benefit Highlights

The benefit information provided is a brief summary, not a complete description of benefits. Please refer to your Dental Directory for a complete listing of covered/excluded benefits, dental providers and access to care.

Alignment Health Plan proudly offers dental services through LIBERTY Dental Plan. This comprehensive dental plan has no monthly premium, no deductibles and low cost co-payments for more than 250 procedures that include checkups, cleanings, gum care, and restorative work. Attached is a list of the dental benefits available to you.

## ➤ How to Receive Care

Dental benefits are covered only if they are provided by a contracted LIBERTY Dental Plan provider. The only time you may receive care outside of the LIBERTY Dental Plan network is for emergency dental services described later in this section. Remember to always check with your dental office before receiving services to make sure the office is a LIBERTY Dental Plan provider.

## ➤ Emergency Dental Care

All affiliated LIBERTY Dental Plan primary care dental offices provide emergency dental services 24 hours a day, 7 days a week.

In the event you require emergency dental care, contact your Primary Care Dentist to schedule an immediate appointment. For urgent or unexpected dental conditions that occur after hours or on weekends, contact your Primary Care Dentist for instructions on how to proceed.

If your Primary Care Dentist is unavailable, simply contact any licensed dentist to receive care. LIBERTY Dental Plan will reimburse you for dental expenses up to a maximum of \$75, less applicable co-payments.

Alignment Health Plan provides coverage for emergency dental services only if the services are required to alleviate severe pain or bleeding, or if you reasonably believe that the condition, if not diagnosed or treated, may lead to disability, dysfunction or permanent damage to your health.

## ➤ How to Obtain Emergency Dental Care

Emergency dental services and care which are covered by LIBERTY Dental Plan include, as defined in the Health & Safety Code, a dental screening, an examination, an evaluation by a dentist or a dental specialist to determine if an emergency dental condition exists, and to provide care that would be acknowledged as within professionally recognized standards of care and in order to alleviate any emergency symptoms in a dental office. Medical and/or psychiatric emergencies are not covered by LIBERTY Dental Plan if the services are rendered in a hospital setting which are covered by Alignment Health Plan, or if LIBERTY Dental Plan determines the services were not dental in nature.

At the time of your appointment, your dentist may recommend other dental procedures that are not covered benefits. Services that are not covered can include implants, specialized metals used for fillings and crowns, or other services. If your dentist recommends dental services not covered by this plan, you can talk with your dentist to see if there are other treatment options that are covered. If you choose to accept dental services that are not covered by this plan, you will need to pay for those services.

For more information about your dental benefits, call LIBERTY Dental Plan's Member Services Department toll-free at **1-888-273-3183**, Monday through Friday between the hours of 8:00 am and 5:00 pm. Hearing or speech impaired members may call TTY/TDD **1-800-735-2929**.

**Paying your Plan Premium:** You can pay your monthly plan premium (including any late enrollment penalty that you currently have or may owe). You can also choose to pay your premium by automatic deduction from your Social Security or Railroad Retirement Board (RRB) benefit check each month. If you are assessed a Part D-Income related Monthly Adjustment Amount, you will be notified by the Social Security Administration. You will be responsible for paying this extra amount in addition to your plan premium. You will either have the amount withheld from your Social Security benefit check or be billed directly by Medicare or the RRB. DO NOT pay Alignment Health Plan the Part D-IRMAA.

People with limited incomes may qualify for extra help to pay for their prescription drug costs. If eligible, Medicare could pay for 75% of drug costs including monthly prescription drug premiums, annual deductibles, and co-insurance. Additionally, those who qualify will not be subject to the coverage gap or a late enrollment penalty. Many people are eligible for these savings and don't even know it. For more information about this extra help, contact your local Social Security office, or call Social Security at 1-800-772-1213. TTY/TDD users should call 1-800-325-0778. You can also apply for extra help online at [www.socialsecurity.gov/prescriptionhelp](http://www.socialsecurity.gov/prescriptionhelp).

If you qualify for extra help with your Medicare prescription drug coverage costs, Medicare will pay all or part of your plan premium. If Medicare pays only a portion of this premium, we will bill you for the amount that Medicare doesn't cover. If you don't select a payment option, you will get a bill each month.

Please select a plan premium and/or late enrollment payment option:

- ☐ Get a bill
- ☐ Automatic deduction from your monthly Social Security or Railroad Retirement Board (RRB) benefit check. (The Social Security/RRB deduction may take two or more months to begin after Social Security or RRB approves the deduction. In most cases, if Social Security or RRB accepts your request for automatic deduction, the first deduction from your Social Security or RRB benefit check will include all premiums due from your enrollment effective date up to the point withholding begins. If Social Security or RRB does not approve your request for automatic deduction, we will send you a paper bill for your monthly premiums.)

**By completing this enrollment application, I agree to the following:**

Alignment Health Plan is a Medicare Advantage plan and has a contract with the Federal government. I will need to keep my Medicare Parts A and B. I can be in only one Medicare Advantage plan at a time, and I understand that my enrollment in this plan will automatically end my enrollment in another Medicare health plan or prescription drug plan. It is my responsibility to inform you of any prescription drug coverage that I have or may get in the future. I understand that if I don't have Medicare prescription drug coverage, or creditable prescription drug coverage (as good as Medicare's), I may have to pay a late enrollment penalty if I enroll in Medicare prescription drug coverage in the future. Enrollment in this plan is generally for the entire year. Once I enroll, I may leave this plan or make changes only at certain times of the year when an enrollment period is available (Example: October 15 – December 7 of every year), or under certain special circumstances.

Alignment Health Plan serves a specific service area. If I move out of the area that Alignment Health Plan serves, I need to notify the plan so I can disenroll and find a new plan in my new area. Once I am a member of Alignment Health Plan, I have the right to appeal plan decisions about payment or services if I disagree. I will read the Evidence of Coverage document from Alignment Health Plan when I get it to know which rules I must follow to get coverage with this Medicare Advantage plan. I understand that people with Medicare aren't usually covered under Medicare while out of the country except for limited coverage near the U.S. border.

I understand that beginning on the date Alignment Health Plan coverage begins, I must get all of my health care from Alignment Health Plan, except for emergency or urgently needed services or out-of-area dialysis services. Services authorized by Alignment Health Plan and other services contained in my Alignment Health Plan Evidence of Coverage document (also known as a member

contract or subscriber agreement) will be covered. Without authorization, NEITHER MEDICARE NOR ALIGNMENT HEALTH PLAN WILL PAY FOR THE SERVICES.

I understand that if I am getting assistance from a sales agent, broker or other individual employed by or contracted with Alignment Health Plan, he/she may be paid based on my enrollment in Alignment Health Plan.

**Release of Information:** By joining this Medicare health plan, I acknowledge that Alignment Health Plan will release my information to Medicare and other plans as is necessary for treatment, payment and health care operations. I also acknowledge that Alignment Health Plan will release my information, including my prescription drug event data to Medicare, who may release it for research and other purposes which follow all applicable Federal statutes and regulations. The information on this enrollment form is correct to the best of my knowledge. I understand that if I intentionally provide false information on this form, I will be disenrolled from the plan.

I understand that my signature (or the signature of the person authorized to act on my behalf under the laws of the State where I live) on this application means that I have read and understand the contents of this application. If signed by an authorized individual (as described above), this signature certifies that: 1) this person is authorized under State law to complete this enrollment and 2) documentation of this authority is available upon request from Medicare.
